HEALTH FORMS

COMPETITION

I mentioned this at our last parent meeting, but wanted to reiterate something about competition. As a staff, we feel competition is important to the growth of our students. However, we never stress numbers or places. We can only control what we do here, and if the students perform at 100% we feel proud and accomplished.

As a spectator in the upcoming competitive season please remember that Jamestown does everything with class. At all of the competitions please stand and cheer for ALL BANDS. Every student who performs on the field works hard and deserves a supportive audience. This is something I stress to the students and it should reflect in our spectators, as well! Thanks!
